

Campbell Sling Hooks have been redesigned from the ground up to offer the latest in durability and ease of use. A new heavy-duty latch and spring assembly features extra-thick steel construction, a double-strength spring, and a stainless steel latch bolt — all mounted on dual forged support bosses — providing the toughest sling hooks Campbell has ever made. That's Campbell Confidence at work.

- For use with Grade 80/100 chain slings
- Heavy-gauge high strength steel latch with reinforcing rib for ultimate rigidity and bending resistance
- Double-strength spring holds latch firmly against hook to securely retain slings and hardware
- Integrated forged bosses provide lateral support for positive latch/hook alignment and engagement
- Latch features yellow chromate finish, providing optimal corrosion resistance
- Latch marking forged into hook for easy replacement ordering
- Meet or exceed all requirements of ASME B30.9 and B30.10
- Design factor: 4 to 1
- 100% proof tested in accordance with ASTM A952

Heavy-gauge high strength latch

2X stronger spring
